SARYTOGAN GRAPHITE

KAZAKHSTAN'S PEERLESS GRAPHITE GIANT

IMARC CONFERENCE

SYDNEY

OCTOBER 2026

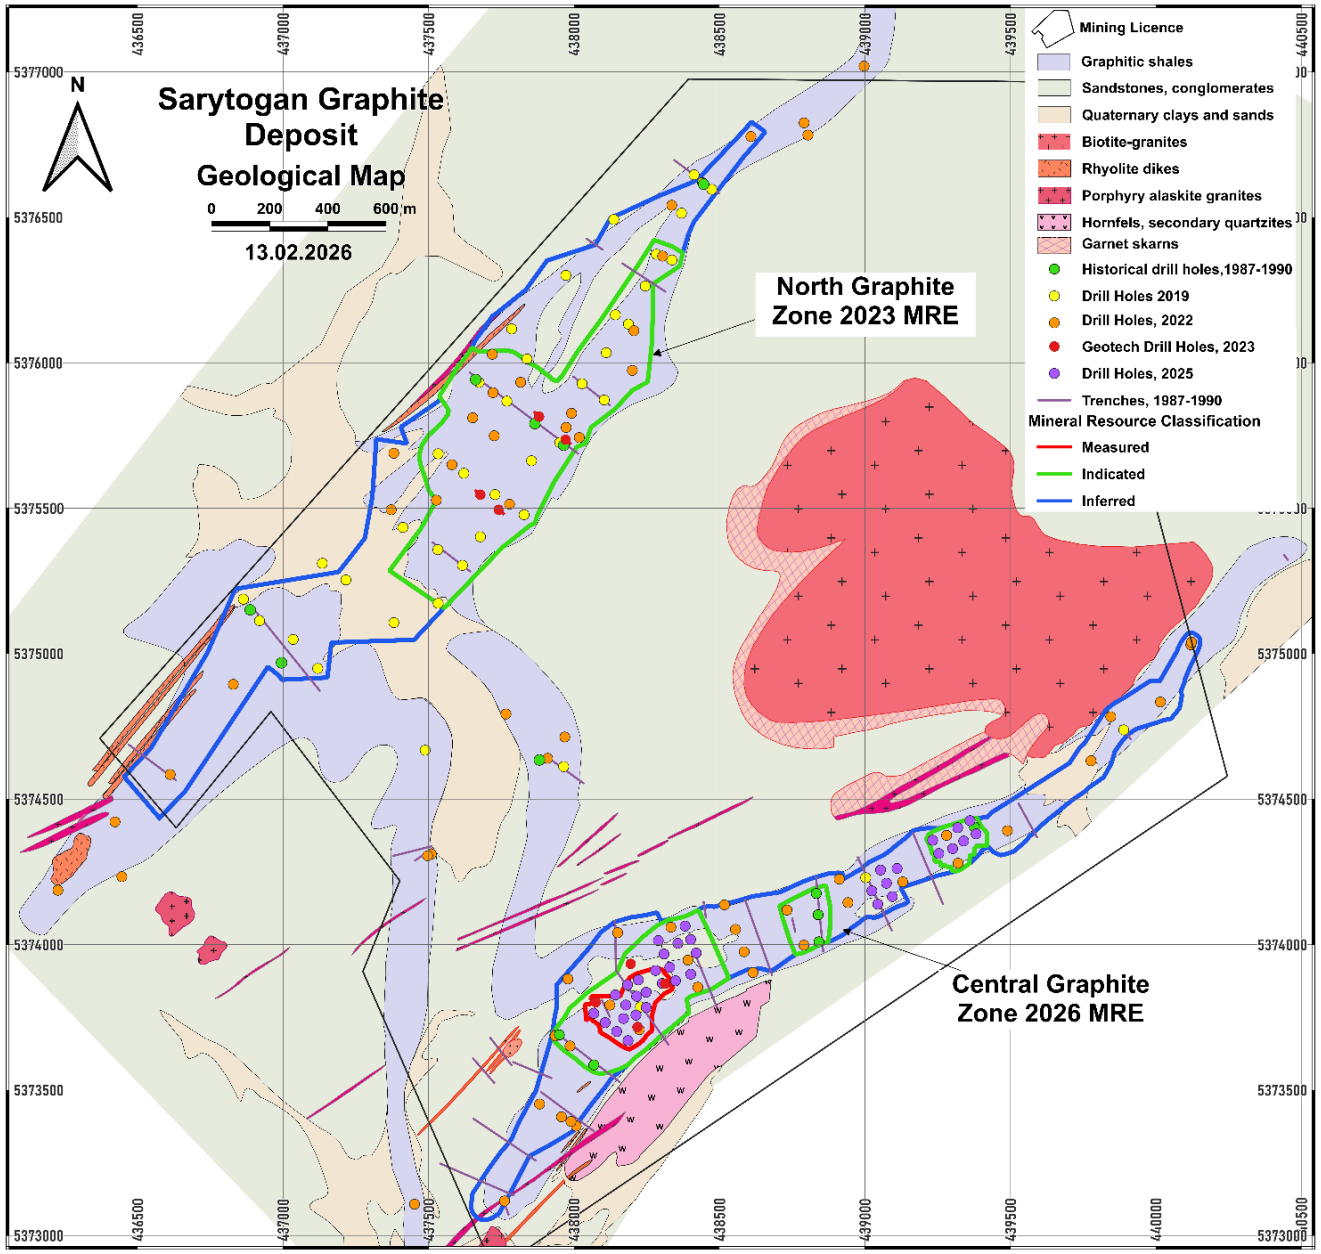

The Project – What makes Sarytogan special?

- The world's largest, highest-grade, and lowest-cost undeveloped graphite project outside China.
- Upstream DFS and Downstream PFS completed. Downstream Definitive FS commencing.
- Unique product strategy – microcrystalline graphite at 90% and 99.999% C for advanced battery use.
- Kazakh government support with mine environment permit and mining licence granted.
- European strategic project status conferred and European bank (EBRD) is major shareholder.
- Large-format battery manufacture and customer acceptance trials commencing.

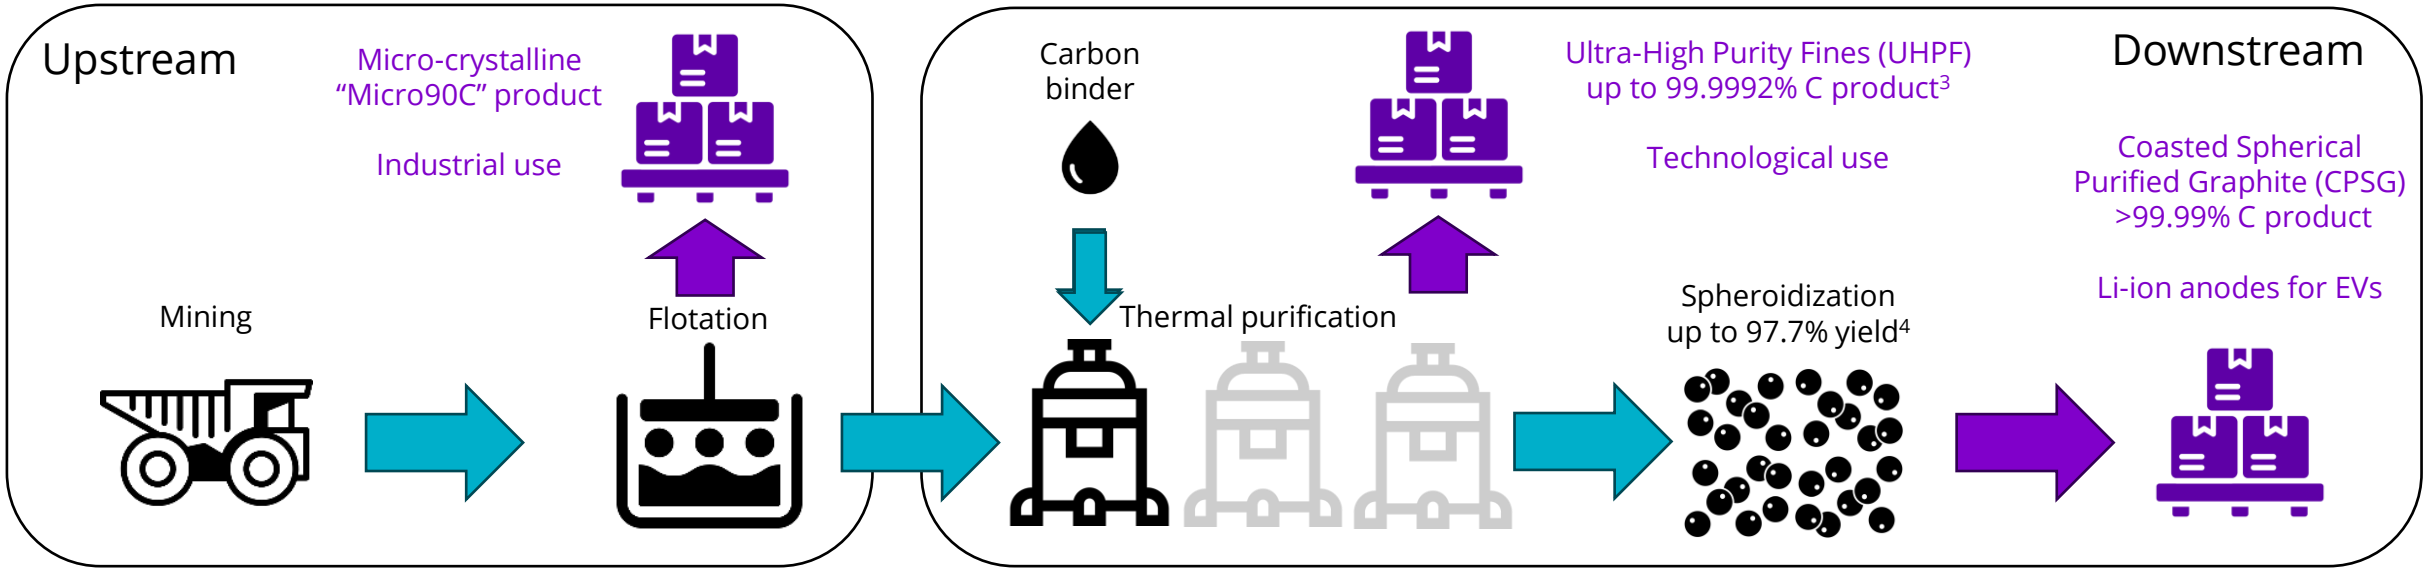

The Project – Measured Mineral Resource and Proved Ore Reserve

- Mineral Resource **225 Mt @ 29.2%TGC** (Total Graphitic Carbon) including 5.4Mt of Measured Classification[1].
- Ore Reserve of **14.5 Mt @ 29.1% TGC**, including high-grade of **8.9Mt @ 31.8% TGC** and 2.5Mt of Proved Classification[2].
- Reserve consumes only 4% of Resource over 50-year+ mine-life highlighting multi-generational expandability.

Refer: ASX [1] 16/2/26, [2] 21/10/26

The Project – Upstream DFS and Downstream PFS Results

	Upstream	Downstream
ASX Announcement	21/10/26	12/8/24
Study	Definitive Feasibility Study	Pre Feasibility Study
Capacity	50 ktpa	20 ktpa in 3 modules
Capex	US$80.5 M	US$194 M (additional)
EBITDA Margin	51%	67%
Internal Rate of Return	19.8%	33%
Net Present Value (pre-tax, 8%)	US$133 M	US$367 M (additional)

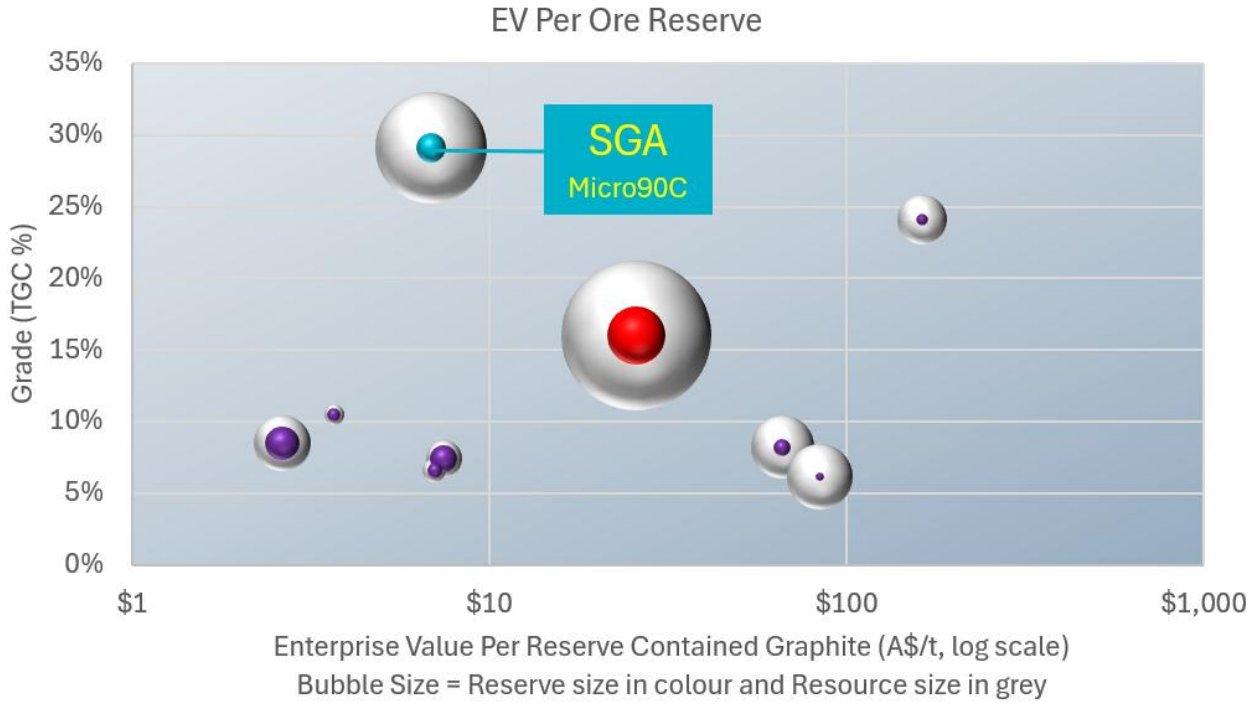

Benefits of thermal purification over chemical purification:

- Product is 15% synthetic
- Grade is up to 5N 99.9992%C
- Ultra-High Purity Fines co-product

Refer ASX: [1]21/10/26, [2]12/8/24, [3]5/3/24, [4]14/9/26

The Project – Sarytogan Compares Very Favourably to ASX Peers

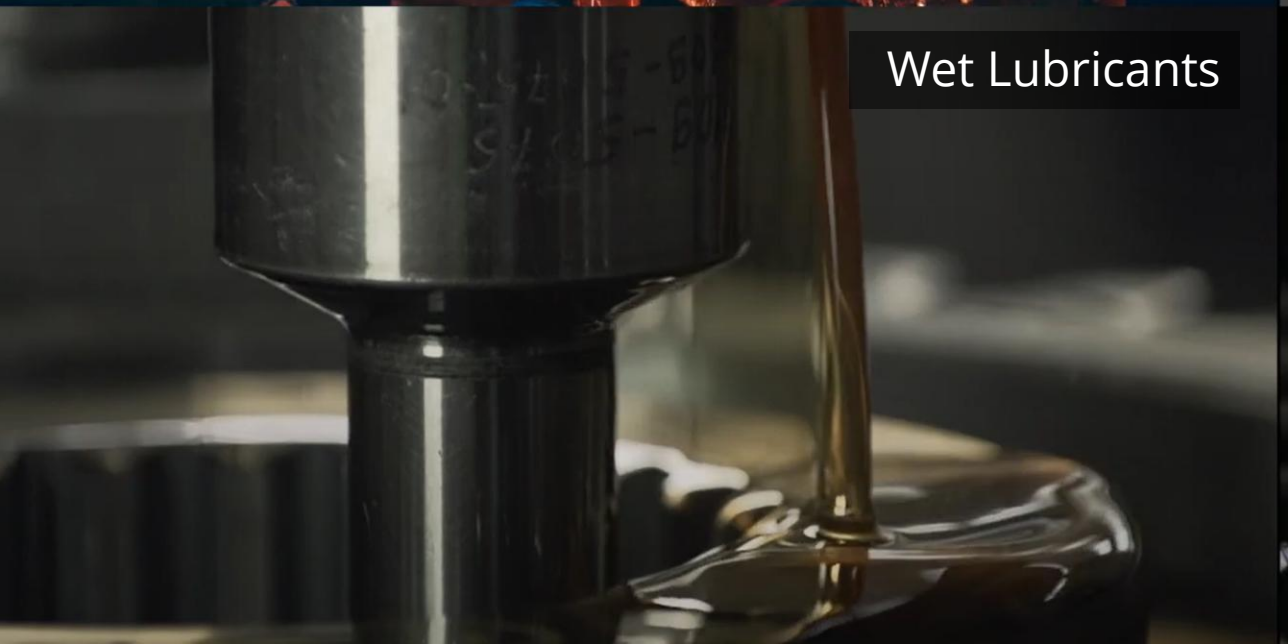

Sarytogan is the largest, highest-grade, and lowest operating-cost undeveloped graphite deposit.

Refer appendix for peer comparison data. Red bubbles = operating mines.
[1]Chinese production cost source: Benchmark Mineral Intelligence, Mine to Grid: 2025 Year in Review

The Products – Micro Crystalline Graphite (Micro90C)

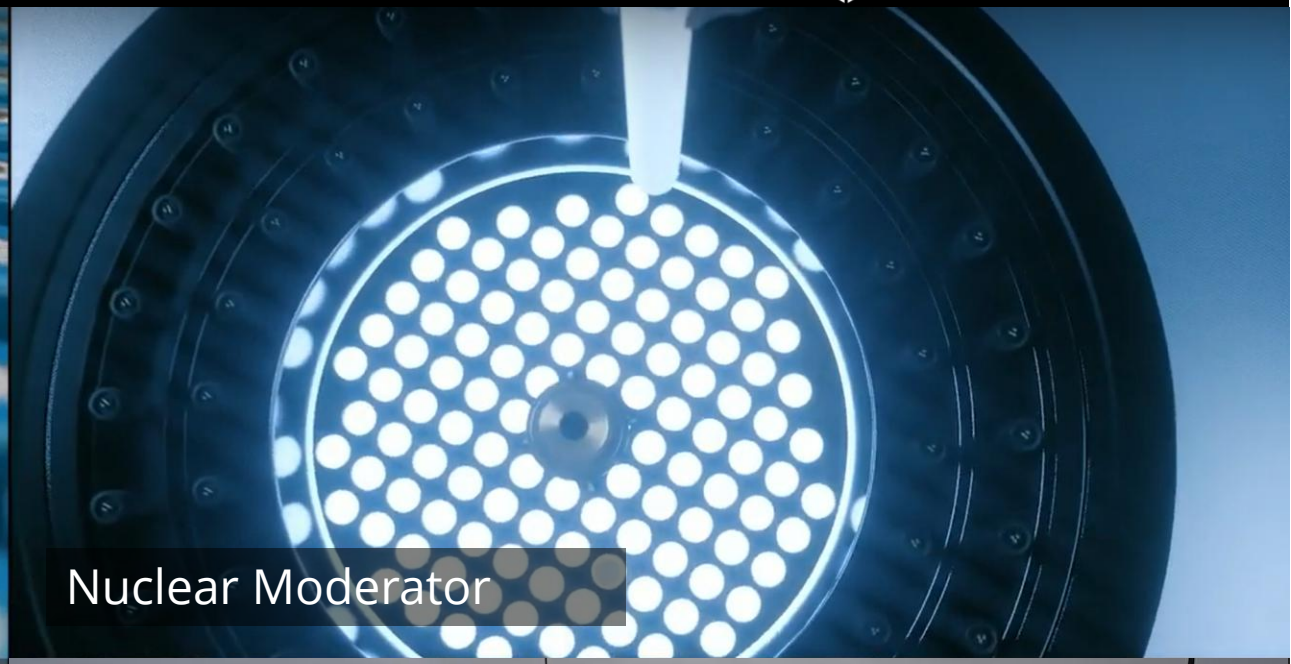

The Products - Ultra High Purity Fines (UHPF) up to 99.999%C

SARYTOGAN GRAPHITE

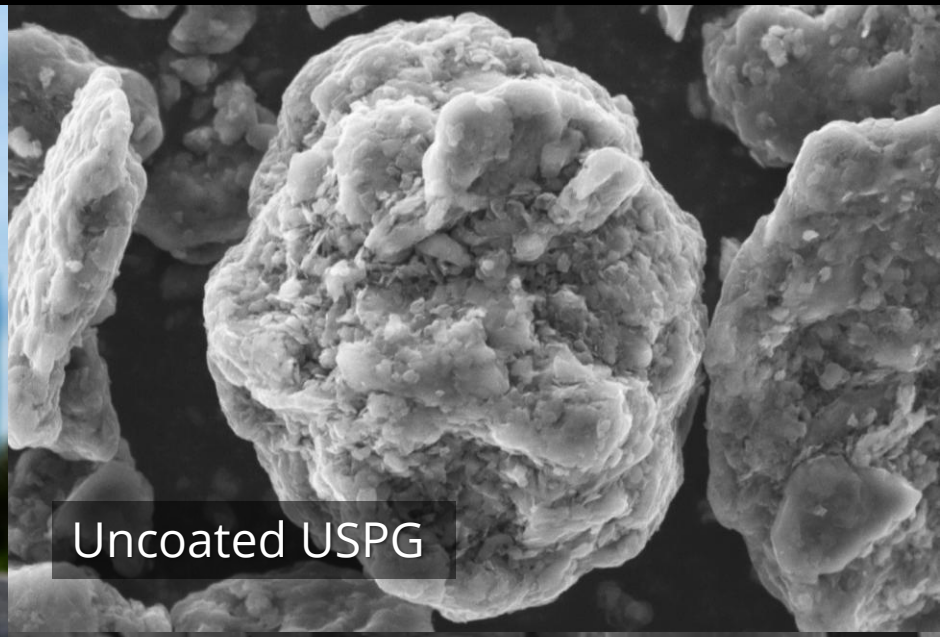

The Products – Spherical Purified Graphite (USPG and CSPG)

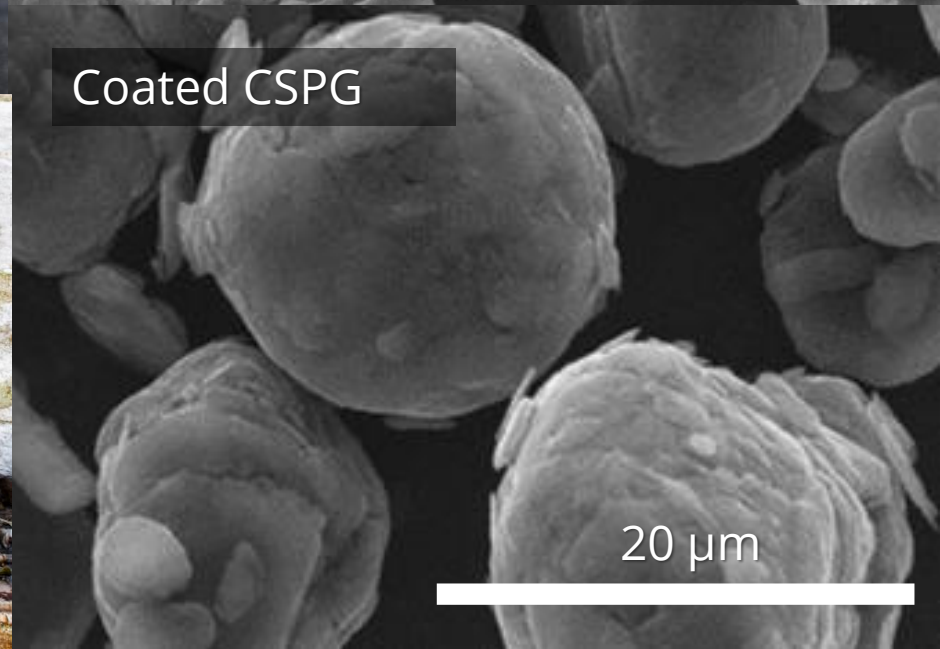

SARYTOGAN GRAPHITE

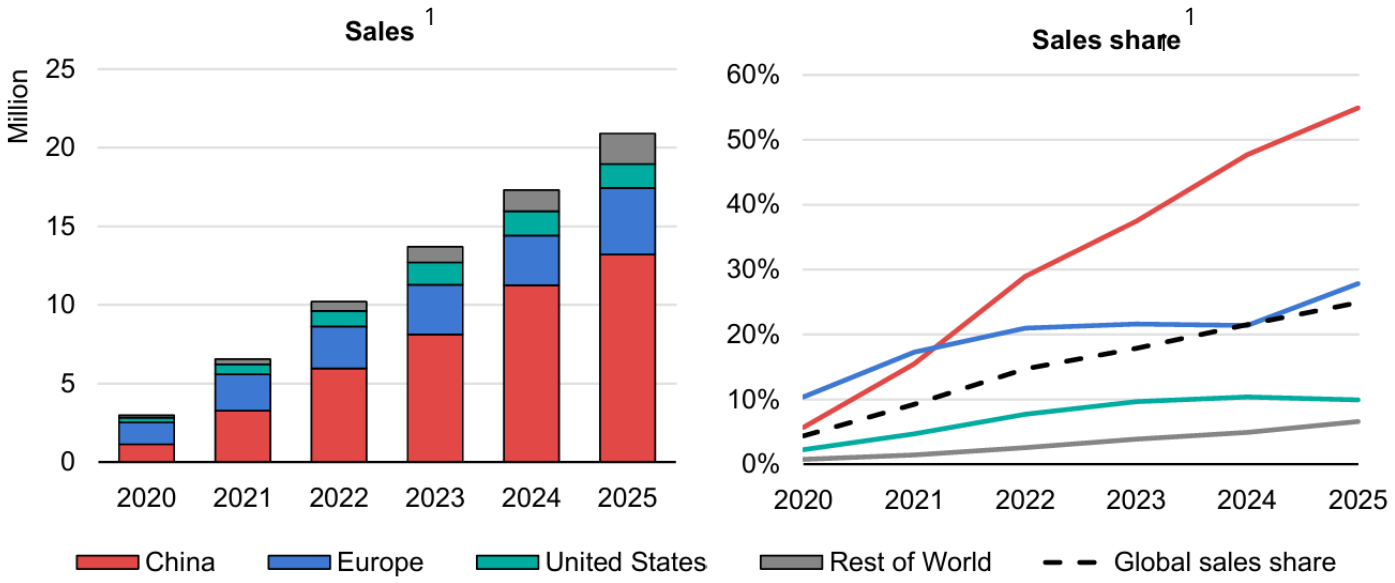

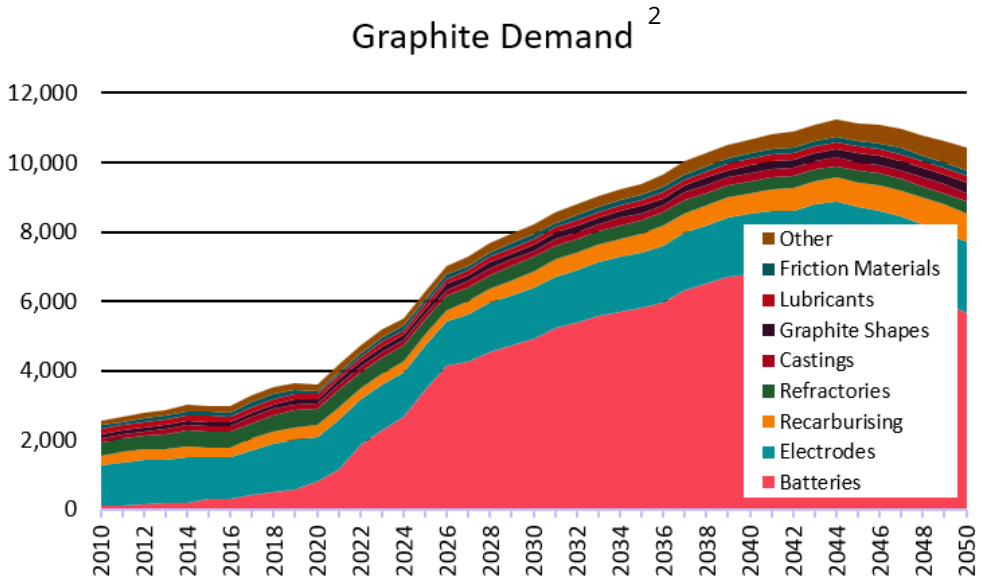

The Market – Electric Vehicle Demand is Driving Graphite Demand

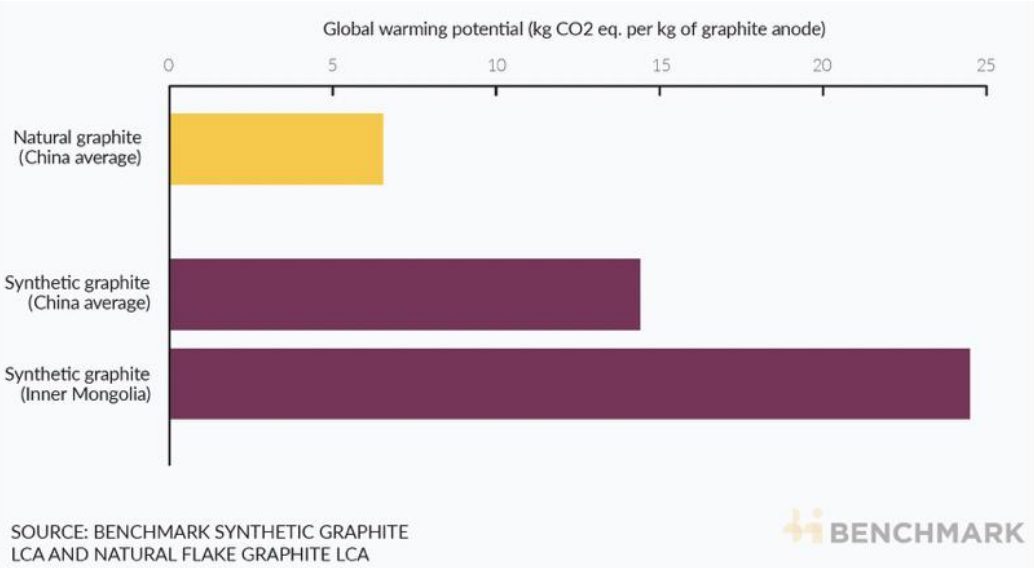

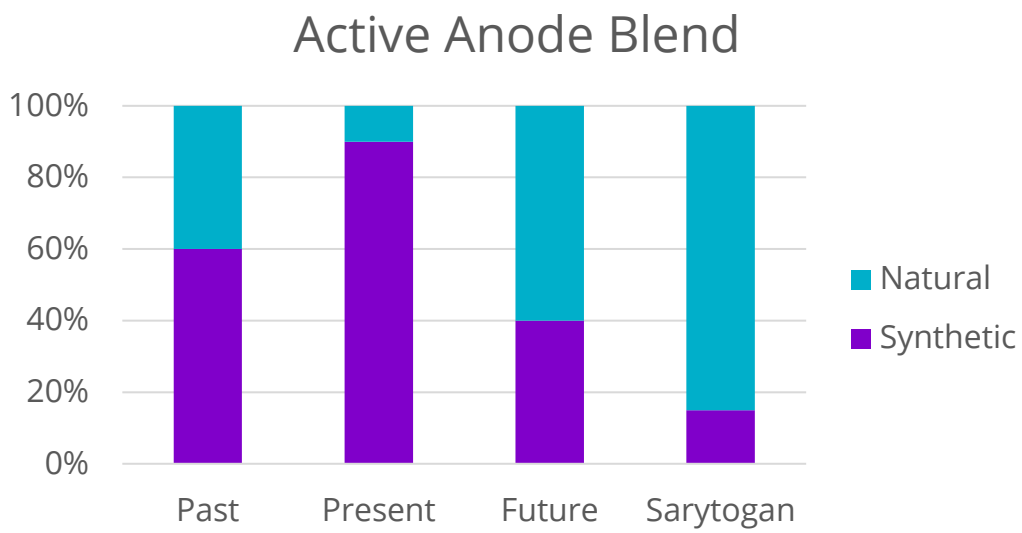

Despite mainstream press, the EV revolution is gathering pace

China at 54% EV sales share, EU at 28%, USA and RoW lagging behind

Sources: [1]IEA Global EV Outlook 2026, [2]Wood Mackenzie 2026

The Market - Natural Graphite vs Synthetic Graphite

- Synthetic graphite requires expensive and CO_2 intensive treatment of fossil fuel by-products.
- Natural graphite has higher energy density, artificial graphite has longer cycle life, both are important in the blend for Li-ion batteries.
- **Sarytogan high-purity products are pre-blended at 15% synthetic, 85% natural** due to the addition of carbon binder that is graphitized during thermal purification.

The Market - Geopolitics

EU Battery Passport
QR code database of provenance & CO_2 footprint for all large batteries.

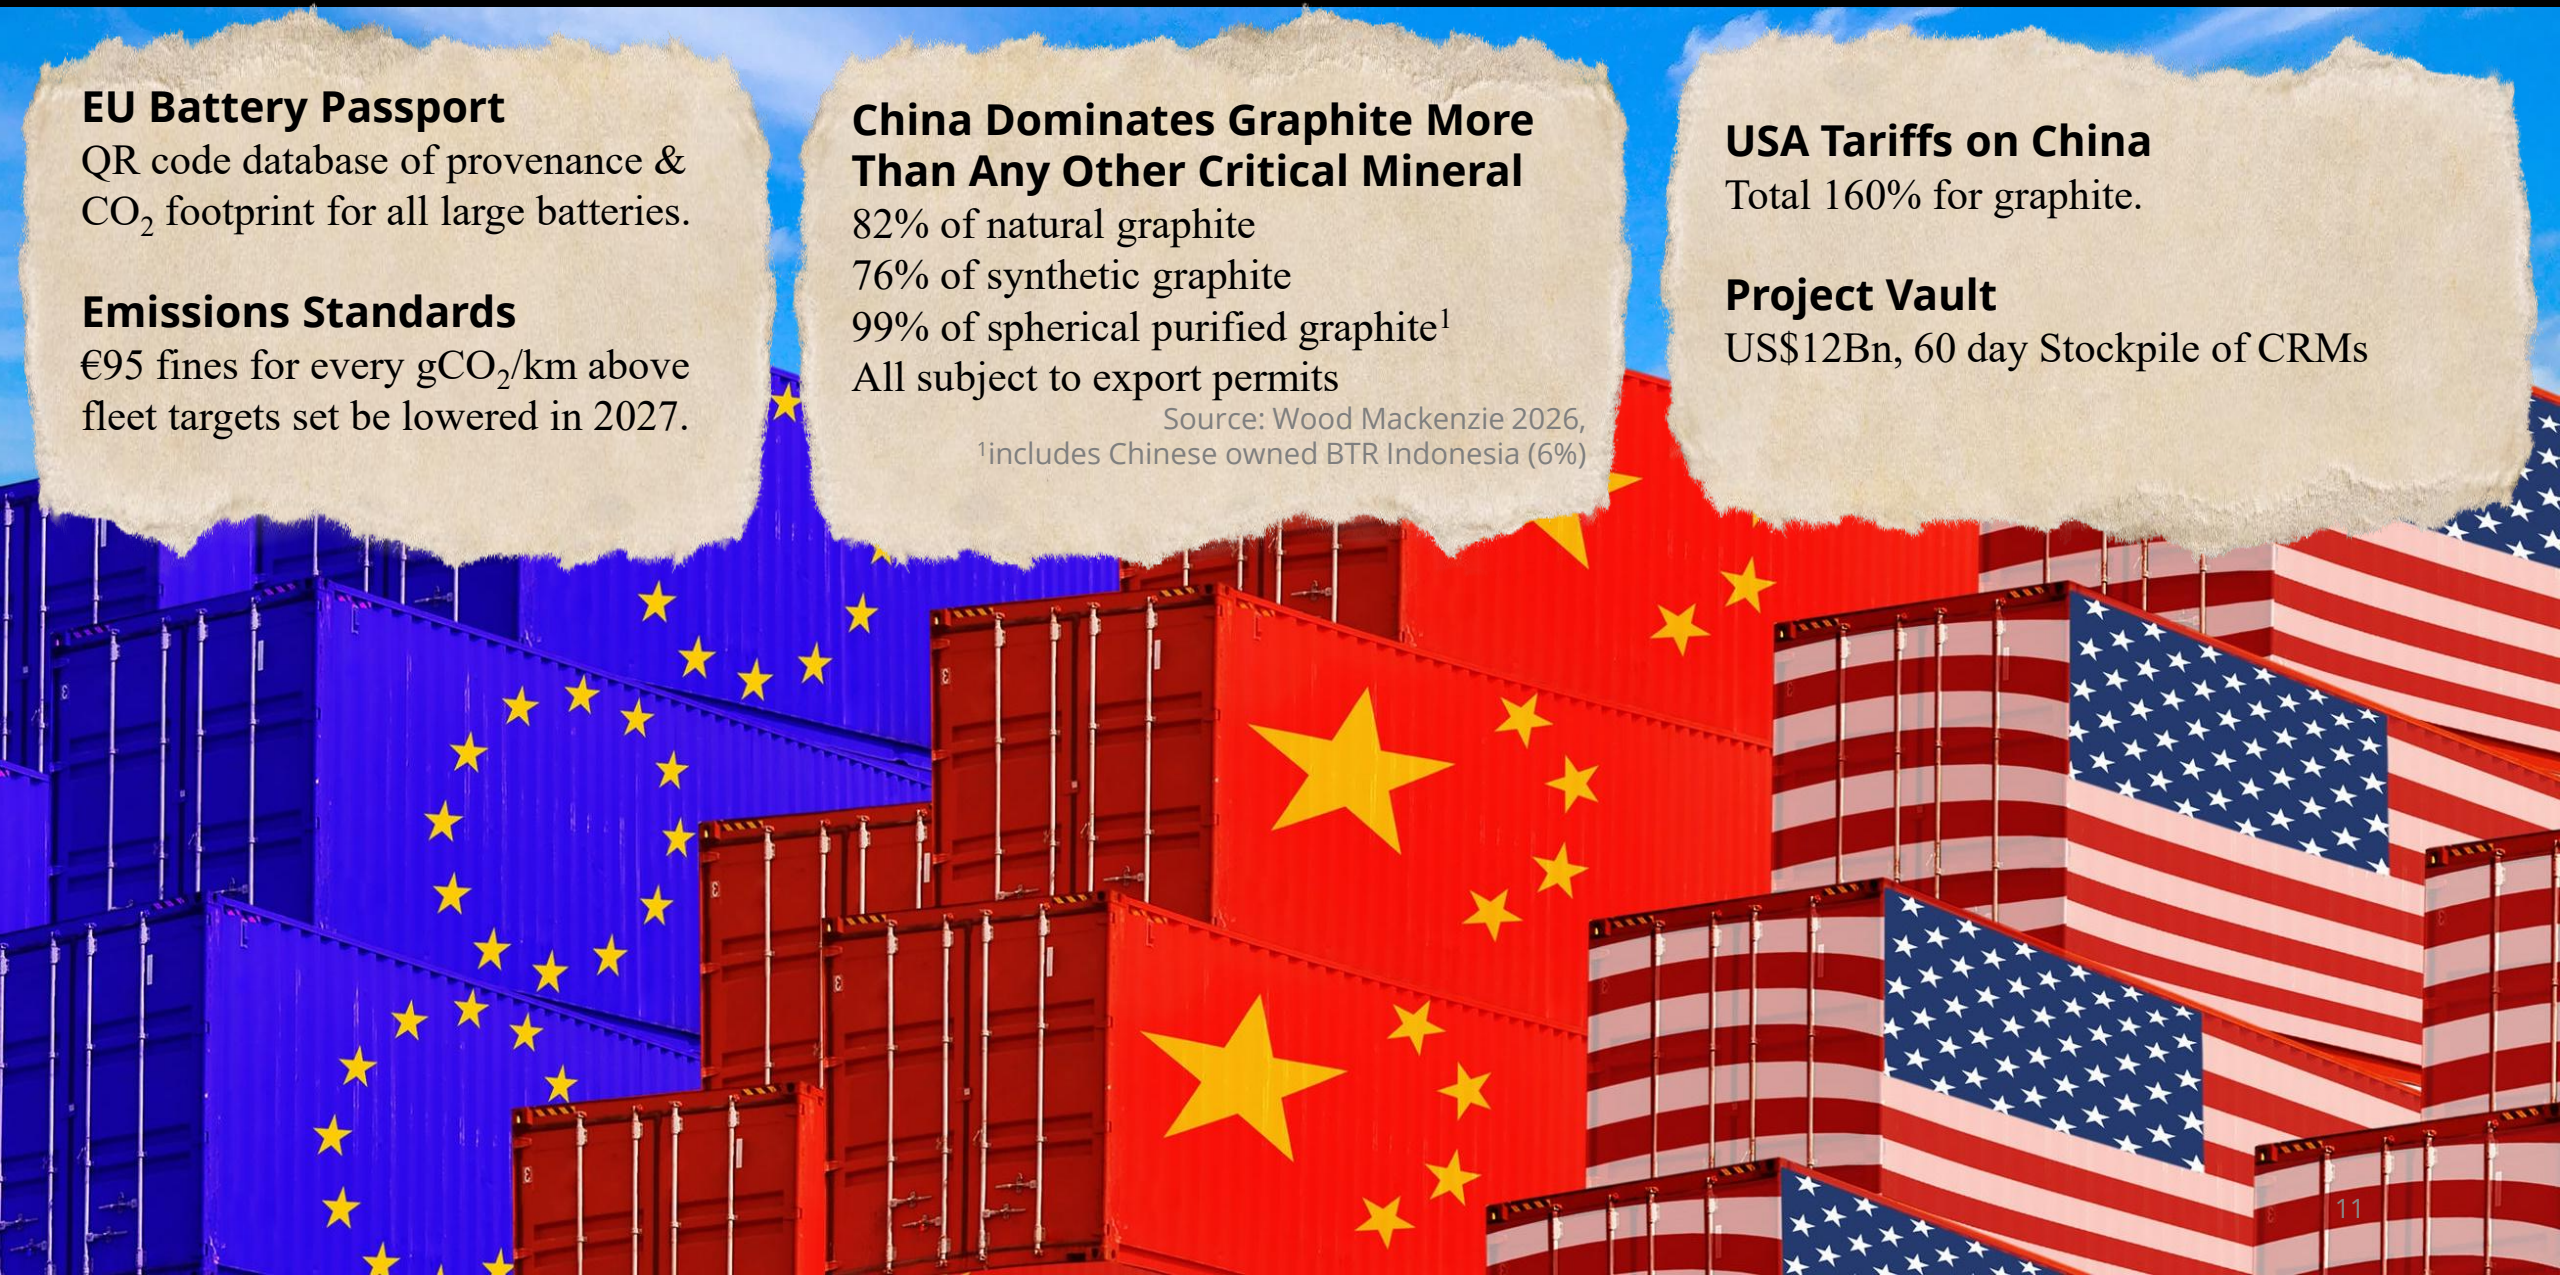

Emissions Standards
€95 fines for every gCO_2/km above fleet targets set be lowered in 2027.

China Dominates Graphite More Than Any Other Critical Mineral
82% of natural graphite
76% of synthetic graphite
99% of spherical purified graphite[1]
All subject to export permits

Source: Wood Mackenzie 2026,
[1]includes Chinese owned BTR Indonesia (6%)

USA Tariffs on China
Total 160% for graphite.

Project Vault
US$12Bn, 60 day Stockpile of CRMs

Kazakhstan - Europe Cooperation

- Nov 2022 - COP27, Egypt - KZ and the EU sign MOU to cooperate on the supply of battery raw materials.
- Sep 2024 - UN, New York - Minerals Security Partnership signed by 30 sovereign states including the EU, Kazakhstan and Australia. EBRD investment in Sarytogan highlighted as an exemplar.
- Apr 2025 - First EU-Central Asia Summit, Uzbekistan - KZ and EU endorse the partnership roadmap.
- **Jun 2025 - Sarytogan Graphite awarded Strategic Project Status under EU Critical Raw Materials Act.**

Kazakhstan - Mining on the One Belt, One Road

Key Economic Facts

- Top 50 GDP US$290Bn
- Population 20M
- US$400Bn in Foreign Investment post USSR

Favorable Taxation:

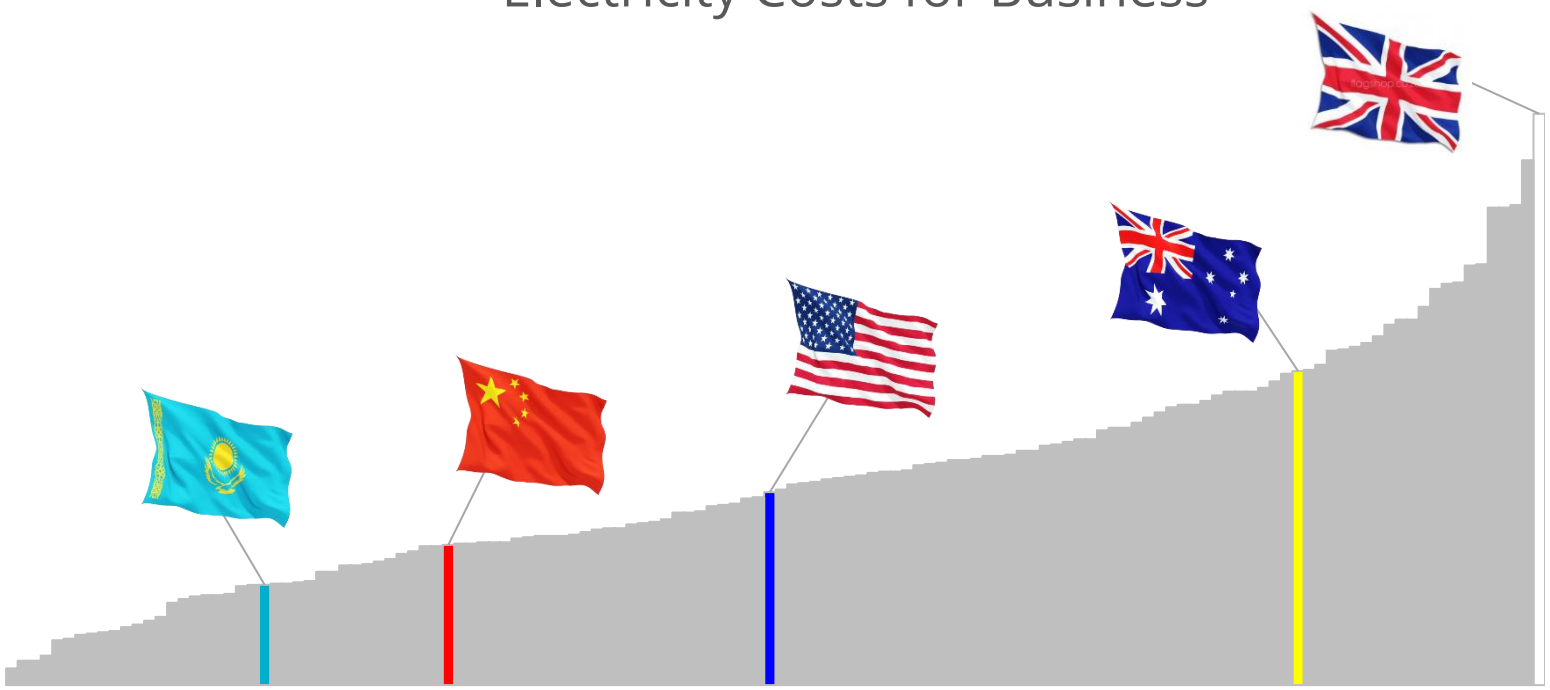

- Corporate income tax: 20%
- VAT 12%
- Mineral royalty: 3.5%
- Other taxes: 1.5%

Affordable containerized rail to Europe or seaborne via Black Sea or China.

Kazakhstan - Lowest Quartile Power Costs Including Renewables

- Kazakhstan's power cost is in the lowest quartile globally
- Land for downstream plant secured next to 500 kV sub station
- Existing 50 MW solar farm (funded by EBRD), which happens to closely match project power needs and could be easily duplicated.

Electricity Costs for Business

134 countries - 2023-2026 average - data source www.globalpetrolprices.com - includes power, distribution and taxes

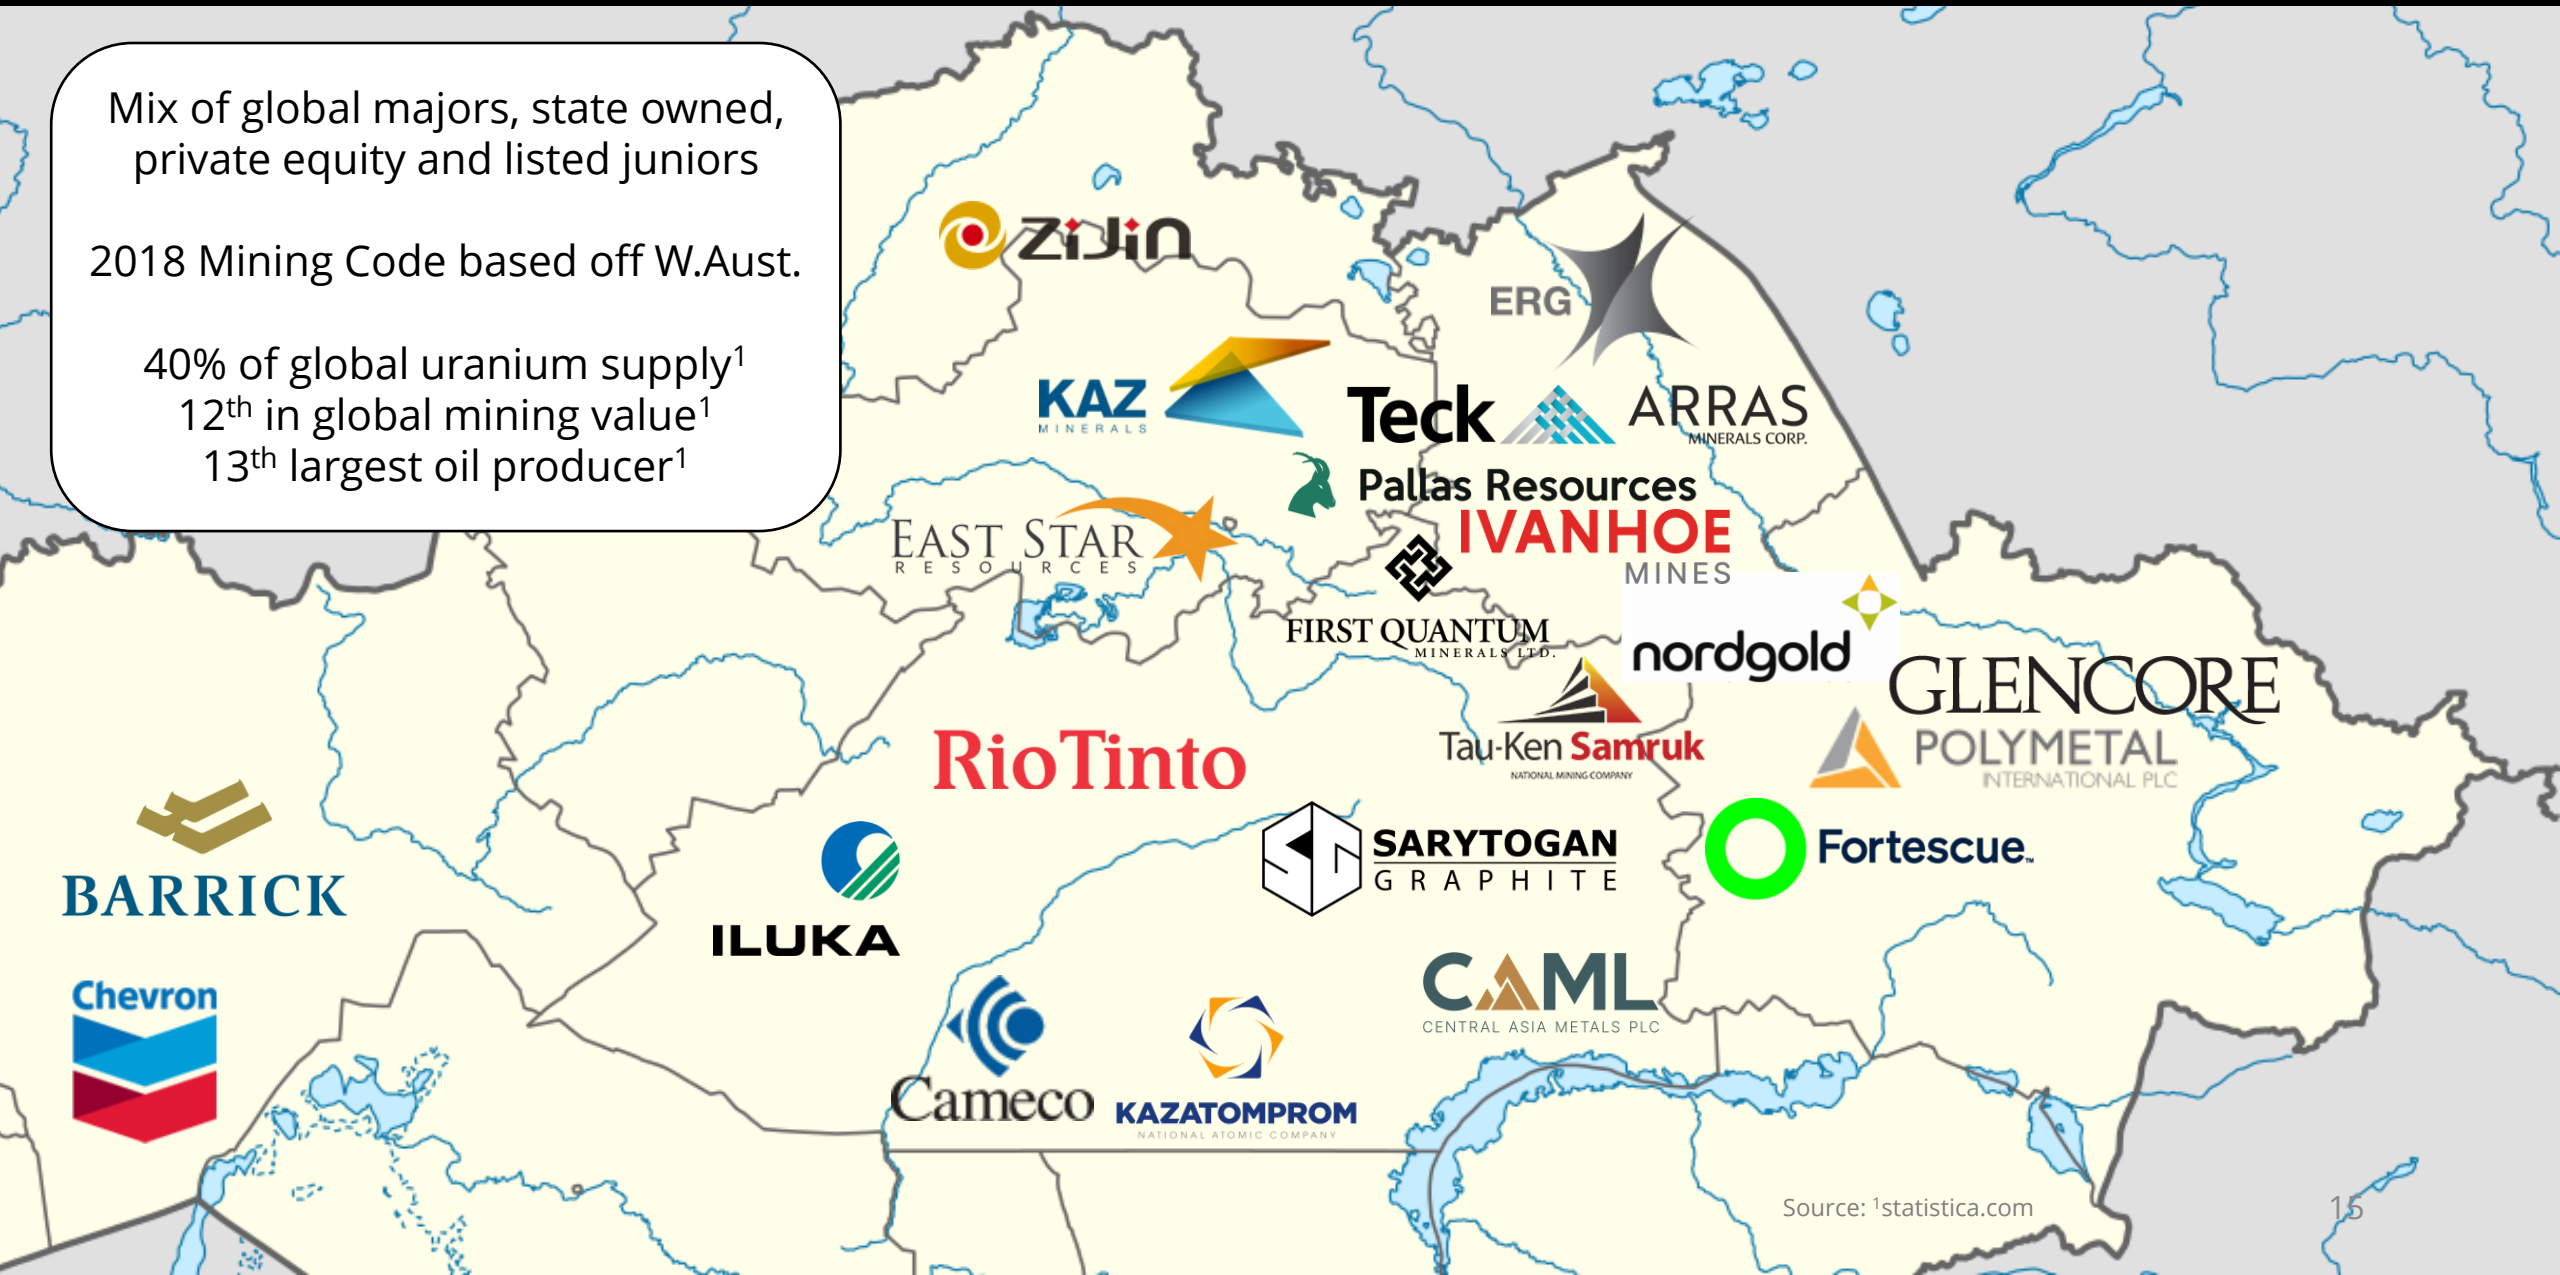

Kazakhstan – Established Mining Jurisdiction

Mix of global majors, state owned, private equity and listed juniors

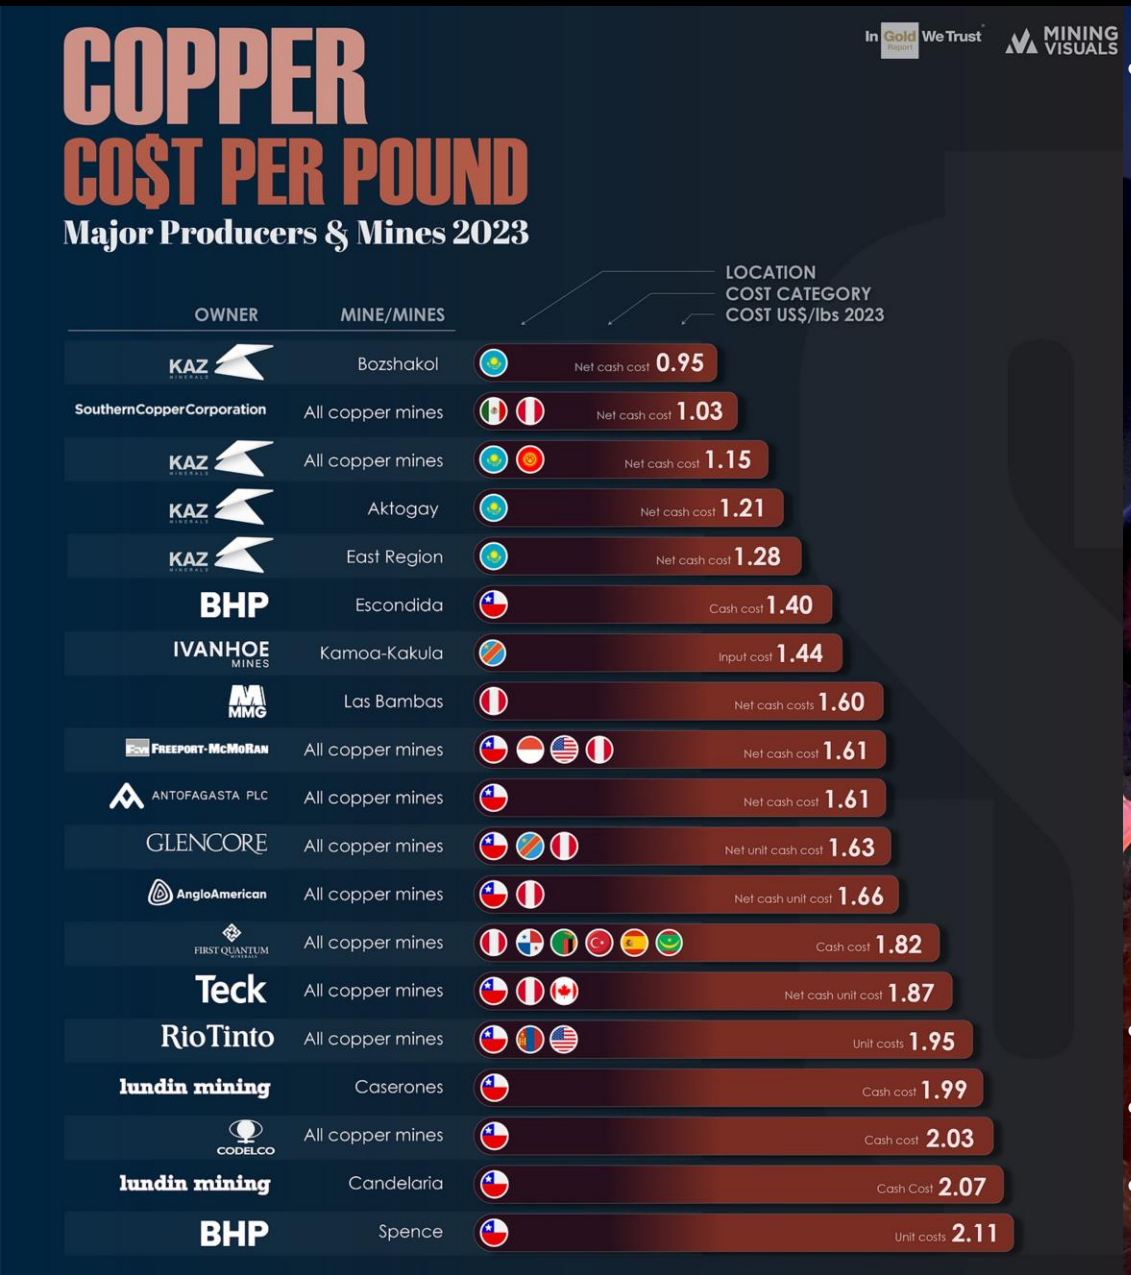

2018 Mining Code based off W.Aust.

40% of global uranium supply[1]
12th in global mining value[1]
13th largest oil producer[1]

Source: [1]statistica.com

Exploration – Why Kazakh Copper?

- The Central Asian Orogenic Belt hosts many low-cost large copper-gold porphyry deposits including in Kazakhstan: Bozshakol, Aktogai, Kounrad, Nurkazgan and Koksai (each 3-6Mt Cu) and Oyu Tolgoi (30 Mt Cu, 44 MOz Au) in Mongolia.

- Aligned with battery materials strategy and Kazakh expertise
- Utilises established exploration team's discovery track record
- Two greenfields projects advancing; Baynazar and Kopa

Disclaimer & Compliance Statement

Important Disclaimer

You must read this notice before reading or making any use of this Presentation (defined below) or any information contained in this Presentation. By continuing to read, use or otherwise act on this Presentation, you agree to be bound by the following terms and conditions, including (without limitation) any modifications to them.

This Presentation has been prepared by Sarytogan Graphite Limited (ACN 107 920 945) ("Sarytogan Graphite"). It is being supplied to you on a strictly confidential basis for the proposed initial public offering and Australian Securities Exchange listing of Sarytogan Graphite (or an associated entity). Neither this Presentation nor any copies of this Presentation may be circulated or disclosed (electronically or otherwise) to any persons who do not receive this Presentation directly from Sarytogan Graphite or its legal advisers. If you do not agree to be so bound, you should immediately return this Presentation to Sarytogan Graphite and destroy or delete any copies of it, without retaining any copies.

The information provided by Sarytogan Graphite management contained in and accompanying this presentation ("Presentation") has been prepared solely for information purposes only, and on the express understanding that it will only be given and used for the purpose of providing a summary overview of, and background information about, Sarytogan Graphite and its business ("Purpose") and may be superseded by any subsequent disclosure to the due diligence committee or in the prospectus lodged by Sarytogan Graphite with the Australian Securities and Investments Commission. This Presentation is not a prospectus, disclosure document or offer document under the Corporations Act 2001 (Cth) ("Corporations Act") or any other law. This Presentation does not constitute, and is not to be construed as, an offer to issue or sell, or a solicitation of an offer or invitation to subscribe for, buy or sell securities in Sarytogan Graphite. The information in this Presentation is general in nature and does not purport to be all inclusive or to contain all information that may be required to evaluate all of the factors that would be relevant to the recipient in considering the Purpose, or otherwise relating to Sarytogan Graphite. The information in this Presentation (including any statement of fact or opinion) is subject to change without notice and has not been independently verified by Sarytogan Graphite or any third parties (unless otherwise expressly specified).

Sarytogan Graphite reserves the right in its absolute discretion to alter this presentation but does not undertake to update this Presentation (except to the extent required by law). To the maximum extent permitted by law, each of Sarytogan Graphite and its subsidiaries and controlled affiliates (together, the "Company") and each of their respective directors, officers and employees (together, the "Representatives") expressly exclude and disclaim any obligations or undertaking to release any updates, supplements, corrections or revisions to the information in this Presentation to reflect any matter arising or coming to their notice after the date of this Presentation which may affect any matter referred to in this Presentation.

No Recommendation or Advice

This Presentation is not and should not be construed as a recommendation by Sarytogan Graphite or its Representatives to you to participate in any transaction. Neither Sarytogan Graphite nor its Representatives makes a representation that it has verified the information in this Presentation.

The information in this Presentation is of a general nature and does not constitute financial product advice, investment advice or any recommendation to acquire securities nor is it intended to form the basis of any investment decision. Nothing in this Presentation constitutes legal, financial, tax or other advice and should not be relied on by the recipient in considering the merits of any particular transaction. It has been prepared without considering the objectives, financial situation, tax situation or needs of individuals. Recipients should consider the appropriateness of the information having regard to their own objectives, financial situation, tax situation and needs and seek legal and taxation advice appropriate for their jurisdiction.

Neither this Presentation nor anything contained in it forms the basis of any contract or commitment and it is not intended to induce any person to engage in, or refrain from engaging in, any transaction.

Third Party Information

Certain information in this Presentation has been derived from third parties or publicly available information and the accuracy of that information has not been independently audited or verified by Sarytogan Graphite or its Representatives. Accordingly, the accuracy and completeness of that information (and any other information in the Presentation) is not guaranteed. The Presentation Information may contain forward-looking statements with respect to the Sarytogan Graphite's businesses and operations, market conditions, results of operations and financial condition, funding requirements and risk management practices. Any forward-looking statements included in this Presentation involve subjective judgment and analysis and are subject to uncertainties, risks and contingencies, many of which are outside the control of, and may be unknown to, Sarytogan Graphite or its shareholders or any other person. In particular, they speak only as of the date of this Presentation, they assume the success of Sarytogan Graphite's strategies, and they are subject to significant regulatory, business, competitive and economic uncertainties and risks. Actual future events may vary materially from the forward-looking statements and the assumptions on which the forward-looking statements are based. Recipients of this Presentation ("Recipients") are cautioned to not place undue reliance on such forward-looking statements. Sarytogan Graphite makes no representation or warranty as to the accuracy, reliability or completeness of information in this Presentation and does not take responsibility for updating any information or correcting any error or omission which may become apparent after this Presentation has been issued. To the extent permitted by law, Sarytogan Graphite and its officers, employees, related bodies corporate and agents ("Agents") disclaim all liability, direct, indirect or consequential (and whether or not arising out of the negligence, default or lack of care of Sarytogan Graphite and/or any of its Agents) for any loss or damage suffered by a Recipient or other persons arising out of, or in connection with, any use or reliance on this presentation or information.

Financial Information and Modelling

All amounts in Australian dollars unless stated otherwise. The financial information (and associated financial analysis) contained in or referred to in this Presentation is current as of the date of this Presentation but is in summary form and indicative only. It differs from statutory financial information and does not purport to be the level or type of information that would be required for financial reporting purposes or for any transaction. No representation or warranty (express or implied) is made as to the reasonableness of the assumptions made within, or the accuracy or completeness of, any such financial information, or associated modelling or financial analysis. Any future investor presentation, disclosure document or other material may include more comprehensive financial information (including a comparison between statutory and pro forma financial information).

Compliance Statement

The information relating to Exploration Results was first reported in ASX Announcements as cross referenced on the relevant slides. The information in this report that relates to Mineral Resources was reported in ASX announcement dated 16 February 2026. The information in this report that relates to Ore Reserves was reported in ASX announcement dated 12 August 2024 and 21 October 2026.

The Company confirms that it is not aware of any new information or data that materially affects the information included in relevant market announcements and, in the case of estimates of Mineral Resources and Ore Reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Persons' findings are presented have not been materially modified from the original market announcements.

The Company confirms that all the material assumptions underpinning the production target, or the forecast financial information derived from the production target, in the initial public report (12 August 2024 and 21 October 2026) continue to apply and have not materially changed.
